Hilton Garden Inn Northeast
9850 Park Plaza Avenue
Louisville, Kentucky 40241

Sponsored by:

K H R E F
Kentucky Hospital Research and Education Foundation, Inc.

and

The Rural Hospital Flexibility Program
Who Should Attend
This program is a must for Care Managers/Swing Bed Coordinators, MDS Coordinators, Discharge Planners, Therapy and Nursing Directors. Charge nurses and staff also benefit by having a better understanding of what is required from the nursing department. Therapy staff involved in providing therapy for the swing bed patients benefit by understanding expectations and becoming strong team members as well as documenting medical necessity for their services.

Program Goal
To provide sufficient information and training material for participants to meet with their individual hospital’s swing bed team and reevaluate their programs as well as identify opportunities for improvement once back at their respective hospitals.

Objectives:
The participant will be able to:

1. Define the basics of Swing Bed services, discuss admission criteria and identify key components of physician documentation and billing.
2. Describe key components of therapy service medical necessity documentation.
3. Create a rehab model and evaluate the hospital’s status regarding CoP for swing bed.
4. Develop a plan to grow SB utilization.

Mary J. Guyot, RN, BS, CRRN
Principal, Stroudwater Associates
Portland, Maine

Ms. Guyot has over 40 years experience in the healthcare industry in every nursing department including nursing management, care management, PI/QI management. For the past 12 years Mary has been consulting at Stroudwater Associates where she assists hospitals and clinics with process analysis. She engages administration and departmental personnel in performance and quality improvement which results in greater efficiencies and opportunities to serve an increasing population. Mary has specific expertise in cost-based swing bed reimbursement for Critical Access Hospitals (CAH) and the prospective payment systems (PPS) with skilled nursing utilization in swing beds, distinct part units and nursing homes.
